

**PROJECT TASK 5 REPORT  
ESTIMATING HISTORICAL EMISSIONS  
FROM ROCKY FLATS**

**MARCH 1994**

**Prepared for:**

**Colorado Department of Health  
Health Studies on Rocky Flats, A-3  
4300 Cherry Creek Drive South  
Denver, CO 80220  
(303) 692-2640 or 692-2700**

**Prepared by:**

**ChemRisk®  
A Division of McLaren/Hart  
1135 Atlantic Avenue  
Alameda, CA 94501**

*This document was prepared as a team effort by the following ChemRisk employees:*

**Project Manager:**

Stephen R. Ripple, Chief Health Scientist

**Administrative Support:**

Angélica Perea

**Principal Authors:**

John E. Buddenbaum, Senior Health Scientist

Jennifer K. Lamb, Senior Associate Health Scientist

David Ting, Senior Associate Health Scientist

Thomas E. Widner, Principal Environmental Scientist

## TABLE OF CONTENTS

|   |     |
|---|-----|
| PROJECT BACKGROUND .....  | 1   |
| EXECUTIVE SUMMARY .....   | 9   |
| 1.0 INTRODUCTION .....  | 11  |
| 1.1 Routine Radioactive Airborne Emissions .....  | 13  |
| 1.2 Routine Nonradioactive Airborne Emissions .....                                       | 14  |
| 1.3 Uncertainty in Airborne Emission Estimates .....                                      | 14  |
| 1.4 Routine Surface-Water-Borne Emissions .....   | 14  |
| 1.5 Nonroutine Contaminant Releases .....   | 15  |
| 2.0 ROUTINE AIRBORNE EMISSIONS OF RADIOACTIVE MATERIALS .....                             | 17  |
| 2.1 Characteristics of Rocky Flats Airborne Radioactive Effluents .....                   | 20  |
| 2.2 Historical Effluent Sampling and Analytic Practices .....                             | 23  |
| 2.2.1 Sampling Systems Review .....   | 23  |
| 2.2.1.1 Sampling System Designs .....   | 24  |
| 2.2.1.2 Sample Apparatus Flow Rates and Velocities .....                                  | 28  |
| 2.2.1.3 Sample Line Losses .....  | 33  |
| 2.2.1.4 Sampling Apparatus Filter Efficiency .....  | 34  |
| 2.2.1.5 Stack or Vent Exhaust Flow Rates and Volume Quantification .....                  | 35  |
| 2.2.2 Analytical Methods .....  | 42  |
| 2.2.2.1 Analytical Practices for Alpha-Emitting Particulates .....                        | 43  |
| 2.2.2.2 Analytical Practices for Tritium .....  | 56  |
| 2.3 Airborne Radioactive Effluent Data — Plutonium and Uranium .....                      | 57  |
| 2.3.1 Initial Reconstruction of Summary-Level Effluent Data — Plutonium and Uranium ..... | 58  |
| 2.3.2 Expanded Reconstruction of Effluent Data—Plutonium and Uranium .....                | 61  |
| 2.3.2.1 Plutonium Emissions .....   | 63  |
| 2.3.2.2 Uranium Emissions .....   | 72  |
| 2.4 Isotopic Composition of Alpha-Emitting Effluents .....                                | 100 |
| 2.4.1 Plutonium and Americium Isotopes .....  | 100 |
| 2.4.1.1 Plutonium and Americium Isotopes During 1953 - 1973 ..                            | 106 |
| 2.4.1.2 Plutonium and Americium Isotopes During 1974 - 1984 ..                            | 108 |
| 2.4.1.3 Plutonium and Americium Isotopes During 1985 - 1989 ..                            | 110 |
| 2.4.2 Uranium Isotopes .....  | 110 |
| 2.5 Airborne Radioactive Effluent Data — Tritium .....                                    | 116 |
| 2.5.1 The Nature of Tritium Association with Rocky Flats .....                            | 116 |
| 2.5.2 Availability of Monitoring Data .....   | 116 |
| 2.5.3 Reconstruction of 1974 Airborne Tritium Releases .....                              | 116 |
| 2.5.5 Estimation of Tritium Releases from 1953 through 1973 .....                         | 119 |

**TABLE OF CONTENTS**  
**(continued)**

|         |  |     |
|---------|--|-----|
| 2.6     | Airborne Radioactive Effluent Data — Thorium-232 . . . . .   | 121 |
| 2.6.1   | The Nature of Thorium Association with Rocky Flats . . . . .   | 121 |
| 2.6.2   | Possible Magnitudes of Thorium Releases . . . . .  | 122 |
| 2.6.3   | Results of Thorium Release Review . . . . .  | 123 |
| 2.7     | Potential Airborne Effluents from Criticality Experiments . . . . .  | 123 |
| 3.0     | ROUTINE AIRBORNE EMISSIONS OF NONRADIOACTIVE MATERIALS . . . . .   | 139 |
| 3.1     | Beryllium . . . . .  | 139 |
| 3.1.1   | Historical Effluent Sampling and Analytic Practices — Beryllium . . . . .  | 140 |
| 3.1.2   | Airborne Effluent Data — Beryllium . . . . .   | 142 |
| 3.2     | Organic Solvents — Airborne Emissions . . . . .  | 150 |
| 3.2.1   | Carbon Tetrachloride . . . . .   | 152 |
| 3.2.2   | Chloroform . . . . .   | 154 |
| 3.2.3   | Methylene Chloride . . . . .   | 160 |
| 3.2.4   | Tetrachloroethylene . . . . .  | 163 |
| 3.2.5   | 1,1,1-Trichloroethane . . . . .  | 167 |
| 3.2.6   | Trichloroethylene . . . . .  | 170 |
| 3.2.7   | Emission Estimates of Organic Solvents . . . . .   | 174 |
| 4.0     | UNCERTAINTY IN AIRBORNE EMISSION ESTIMATES . . . . .   | 187 |
| 4.1     | Random and Systematic Errors . . . . .   | 187 |
| 4.2     | Uncertainty in Effluent Monitoring Program Results . . . . .   | 188 |
| 4.3     | Uncertainty Associated with Estimating Specific Isotopic Releases Based on Nonspecific Monitoring Data . . . . . | 191 |
| 4.4     | Overall Uncertainty Associated with Release Estimates of Contaminants . . . . .                                  | 193 |
| 5.0     | ROUTINE CONTAMINANT RELEASES TO SURFACE WATERS . . . . .   | 205 |
| 5.1     | Surface Water History . . . . .  | 205 |
| 5.1.1   | Retention Ponds . . . . .  | 206 |
| 5.1.1.1 | North Walnut Creek Drainage . . . . .  | 206 |
| 5.1.1.2 | South Walnut Creek Drainage . . . . .  | 206 |
| 5.1.1.3 | Woman Creek Drainage . . . . .   | 210 |
| 5.1.2   | Reservoirs . . . . .   | 212 |
| 5.1.2.1 | Great Western Reservoir . . . . .  | 212 |
| 5.1.2.2 | Standley Lake . . . . .  | 212 |
| 5.1.2.3 | Mower Reservoir . . . . .  | 212 |
| 5.2     | Available Monitoring Data . . . . .  | 214 |
| 5.2.1   | Radionuclide Data . . . . .  | 214 |
| 5.2.1.1 | Effluent Information . . . . .   | 214 |
| 5.2.1.2 | Reservoir and Drinking Water Monitoring . . . . .  | 215 |
| 5.2.2   | Monitoring of Chemical Contaminants in Surface Waters . . . . .  | 221 |

**TABLE OF CONTENTS**  
**(continued)**

|         |  |     |
|---------|--|-----|
| 5.3     | Surface Water Data Evaluation Approach . . . . .                 | 222 |
| 5.4     | Surface Water Monitoring Data Evaluation for 1952-1989 . . . . . | 223 |
| 5.4.1   | Effluent Data Evaluation . . . . .                               | 224 |
| 5.4.2   | Reservoir Water Monitoring Data Evaluation . . . . .             | 228 |
| 5.4.3   | Drinking Water Monitoring Data Evaluation . . . . .              | 232 |
| 5.5     | Surface Water Monitoring Data Evaluation for 1970-1989 . . . . . | 236 |
| 5.6     | Results of Surface Water Monitoring Data Evaluations . . . . .   | 254 |
| 5.6.1   | Conclusions for 1952 to 1970 . . . . .                           | 254 |
| 5.6.2   | Conclusions for 1970 to 1989 . . . . .                           | 255 |
| 5.6.3   | Conclusions Regarding Mower Reservoir . . . . .                  | 255 |
| 5.7     | Sediment Sampling . . . . .                                      | 255 |
| 6.0     | NONROUTINE CONTAMINANT RELEASES . . . . .                        | 259 |
| 6.1     | Major Release Events . . . . .                                   | 260 |
| 6.1.1   | 1957 Fire . . . . .  | 260 |
| 6.1.2   | The Building 903 Drum Storage Area . . . . .                     | 262 |
| 6.1.3   | 1969 Fire . . . . .  | 263 |
| 6.2     | Other Accidental Releases . . . . .                              | 265 |
| 6.2.1   | Plutonium Accidents . . . . .                                    | 265 |
| 6.2.1.1 | 1965 Glove-Box Drain Fire . . . . .                              | 266 |
| 6.2.1.2 | 1974 Control Valve Failure . . . . .                             | 266 |
| 6.2.2   | Depleted Uranium Burning . . . . .                               | 267 |
| 6.2.2.1 | Open Pit Burning of Oils . . . . .                               | 267 |
| 6.2.2.2 | Pallet Burning . . . . .   | 268 |
| 6.2.3   | Tritium Release Incidents . . . . .                              | 271 |
| 6.2.4   | Chromic Acid Spill . . . . .                                     | 273 |
| 7.0     | SUMMARY . . . . .  | 281 |

**APPENDICES**

|            |  |
|------------|--|
| APPENDIX A | Airborne Effluent Particle Size Studies  |
| APPENDIX B | Sampling Line Deposition Loss Calculations   |
| APPENDIX C | Analysis of Anisokinetic Sampling Errors   |
| APPENDIX D | Isotopic Composition of Alpha-Emitting Effluents   |
| APPENDIX E | Detailed Document Review of Organic Solvent Emissions  |
| APPENDIX F | Uncertainties Associated with Estimating Specific Isotope<br>Releases Based on Nonspecific Monitoring Data |
| APPENDIX G | Overall Uncertainties Associated With Release Estimates<br>of Contaminants of Concern                      |
| APPENDIX H | Monte Carlo Calculations for Uncertainty Factors   |
| APPENDIX I | Analysis of Surface Water Monitoring Data  |

**APPENDIX J Resolution of Comments on the Draft Task 5 Report**

## LIST OF FIGURES

| Figure |   | Page |
|--------|---|------|
| 1      | Tasks of the Rocky Flats Toxicologic Review and Dose Reconstruction Project . . . . .   | 2    |
| 2-1    | Generic Effluent Sampling System Design . . . . .   | 25   |
| 2-2    | A Frequency Distribution of Ratios of Observed Sample Flow Rates . . . . .  | 30   |
| 2-3    | Calculated Filter Efficiencies Associated with Three Air Filters . . . . .  | 36   |
| 2-4    | Flow Rate for Main Exhaust in Building . . . . .  | 39   |
| 2-5    | Flow Rate for Exhaust in Building 883A . . . . .  | 40   |
| 2-8    | Enriched and Depleted Fractions of RFP Uranium Emissions . . . . .  | 114  |
| 3-1    | Carbon Tetrachloride Emission Estimates . . . . .   | 155  |
| 3-2    | Chloroform Emission Estimates . . . . .   | 158  |
| 3-3    | Methylene Chloride Emission Estimates . . . . .   | 161  |
| 3-4    | Tetrachloroethylene Emission Estimates . . . . .  | 165  |
| 3-5    | 1,1,1-Trichloroethane Emission Estimates . . . . .  | 169  |
| 3-6    | Trichloroethylene Emission Estimates . . . . .  | 172  |
| 4-1    | Airborne Release Estimates and Uncertainties - Plutonium Alpha . . . . .  | 197  |
| 4-2    | Airborne Release Estimates and Uncertainties - Plutonium-241 . . . . .  | 198  |
| 4-3    | Airborne Release Estimates and Uncertainties - Enriched Uranium . . . . .   | 199  |
| 4-4    | Airborne Release Estimates and Uncertainties - Depleted Uranium . . . . .   | 200  |
| 4-5    | Airborne Release Estimates and Uncertainties - Americium-241 . . . . .  | 201  |
| 4-6    | Airborne Release Estimates and Uncertainties - Tritium . . . . .  | 202  |
| 4-7    | Airborne Release Estimates and Uncertainties - Beryllium . . . . .  | 204  |
| 5-1    | Rocky Flats Holding Ponds and Creeks, 1992 . . . . .  | 208  |
| 5-2    | Time Line of Events for the North and South Walnut Creek Drainage . . . . .   | 209  |
| 5-3    | Time Line of Events for the Woman Creek Drainage . . . . .  | 211  |
| 5-4    | Possibly Impacted Reservoirs Near Rocky Flats . . . . .   | 213  |
| 5-5    | Waterborne Effluent Release Information . . . . .   | 216  |
| 5-6    | Availability of Gross Alpha Reservoir Monitoring Data Collected by<br>the Site Survey Group at Rocky Flats 1952-1970 . . . . .                    | 218  |
| 5-7    | Availability of Drinking Monitoring Data Collected by the Site Survey<br>Group at Rocky Flats 1952-1970 . . . . .                                 | 219  |
| 5-8    | Total Gross Alpha Activity Release to Walnut Creek and Annual Average<br>Gross Alpha Concentration in Great Western Reservoir 1953-1970 . . . . . | 227  |
| 5-9    | Annual Average Gross Alpha Concentration for the Great Western Reservoir,<br>Standley Lake, and Baseline Reservoir 1952-1970 . . . . .            | 230  |
| 5-10   | Annual Average Gross Alpha Concentration in Drinking Water for the<br>Cities of Arvada, Boulder, and Golden 1952-1970 . . . . .                   | 234  |
| 5-11   | Annual Average Gross Alpha Concentration in Drinking Water for the<br>Cities of Broomfield and Westminster 1952-1970 . . . . .                    | 235  |
| 5-12   | Annual Average Concentration of Pu-238 in Drinking Water for the<br>Background Cities of Arvada, Boulder, and Golden 1970-1983 . . . . .          | 239  |

## LIST OF FIGURES (continued)

| Figure  | Page |
|---|------|
| 5-13 Annual Average Concentration of Pu-238 in Drinking Water for the Cities of Broomfield, and Westminster 1970-1983 .....             | 240  |
| 5-14 Annual Average Concentration of Pu-239/240 in Drinking Water for the Cities of Arvada, Boulder, and Golden 1970-1988 .....         | 241  |
| 5-15 Annual Average Concentration of Pu-239/240 in Drinking Water for the Cities of Broomfield, and Westminster 1970-1989 .....         | 242  |
| 5-16 Annual Average Concentration of Uranium in Drinking Water for the Background Cities of Arvada, Boulder, and Golden 1972-1988 ..... | 243  |
| 5-17 Annual Average Concentration of Uranium in Drinking Water for the Cities of Broomfield, and Westminster 1971-1989 .....            | 244  |
| 5-18 Annual Average Concentrations of Tritium in Drinking Water for the Cities of Arvada, Boulder, and Golden 1971-1988 .....           | 245  |
| 5-19 Annual Average Concentrations of Tritium in Drinking Water for the Cities of Broomfield, and Westminster 1970-1989 .....           | 246  |
| 5-20 Levels of Plutonium-239/240 in Drinking Water of Broomfield and Westminster Between 1971 and 1975 .....                            | 252  |
| 5-21 Levels of Tritium in Drinking Water of Broomfield and Westminster Between 1971 and 1975 .....                                      | 253  |
| 6-1 On-Site Air Samplers at Rocky Flats .....   | 264  |

## LIST OF TABLES

| Table  | Page |
|--|------|
| 1 Contaminants Identified for Quantitative Evaluation .....                  | 4    |
| 1-1 Materials for Source Term Development as Selected in Task 3 and 4 .....  | 11   |
| 2-1 Rocky Flats Instrumentation for Counting Airborne Effluent Samples ..... | 45   |
| 2-2 Exhaust Flow Rates Used to Reconstruct Emissions .....                   | 60   |
| 2-3 Initial Airborne Emission Reconstruction Results .....                   | 62   |
| 2-4 Summary of 1957 Airborne Plutonium Emissions for Building 771 .....      | 64   |
| 2-5 Summary of 1963 Airborne Plutonium Emissions .....                       | 67   |
| 2-6 Summary of 1969 Airborne Plutonium Emissions .....                       | 68   |
| 2-7 Summary of 1973 Airborne Plutonium Emissions .....                       | 71   |
| 2-8 Summary of 1957 Airborne Depleted Uranium Emissions .....                | 73   |
| 2-9 Summary of 1957 Airborne Enriched Uranium Emissions .....                | 74   |
| 2-10 Summary of 1954 Airborne Enriched Uranium Emissions .....               | 76   |
| 2-11 Summary of 1955 Airborne Enriched Uranium Emissions .....               | 77   |
| 2-12 Summary of 1956 Airborne Enriched Uranium Emissions .....               | 78   |

2-13 Airborne Enriched Uranium Release Estimates, 1954-1956 . . . . . 80

**LIST OF TABLES**  
**(continued)**

| Table   | Page |
|---|------|
| 2-14 Summary of 1954 Airborne Depleted Uranium Emissions From Rocky Flats Building 444 .....          | 81   |
| 2-15 Summary of 1955 Airborne Depleted Uranium Emissions From Rocky Flats Building 444 .....          | 82   |
| 2-16 Summary of 1956 Airborne Depleted Uranium Emissions From Rocky Flats Buildings 444 and 447 ..... | 83   |
| 2-17 Summary of 1958 Airborne Depleted Uranium Emissions From Rocky Flats Buildings 444 and 447 ..... | 84   |
| 2-18 Summary of 1959 Airborne Depleted Uranium Emissions From Rocky Flats Buildings 444 and 447 ..... | 85   |
| 2-19 Summary of 1960 Airborne Depleted Uranium Emissions From Rocky Flats Buildings 444 and 447 ..... | 86   |
| 2-20 Airborne Depleted Uranium Release Estimates, 1954-1960 .....                                     | 87   |
| 2-21 Summary of 1963 Airborne Depleted Uranium Emissions .....  | 89   |
| 2-22 Summary of 1963 Airborne Enriched Uranium Emissions .....  | 90   |
| 2-23 Summary of 1969 Airborne Enriched Uranium Emissions .....  | 91   |
| 2-24 Summary of 1969 Airborne Depleted Uranium Emissions .....  | 92   |
| 2-25 Summary of 1973 Airborne Enriched Uranium Emissions .....  | 93   |
| 2-26 Summary of 1973 Airborne Depleted Uranium Emissions .....  | 94   |
| 2-27 Summary of 1984 Airborne Radionuclide Emissions .....  | 96   |
| 2-28 Summary of 1986 Airborne Radionuclide Emissions .....  | 98   |
| 2-29 Reported and Reconstructed Airborne Plutonium Release Estimates .....                            | 101  |
| 2-30 Reported and Reconstructed Uranium Release Estimates .....                                       | 101  |
| 2-31 Reported and Reconstructed Airborne Radionuclide Release Estimates .....                         | 102  |
| 2-32 Estimated Rocky Flats Airborne Radioactivity Emissions, 1953-1977 .....                          | 103  |
| 2-33 Estimated Rocky Flats Airborne Radionuclide Emissions, 1974-1989 .....                           | 104  |
| 2-34 Typical Isotopic Composition of Rocky Flats Plutonium .....                                      | 105  |
| 2-35 Activity Ratios of Am-241 to Pu-249/240 in Monitored Rocky Flats Effluents .....                 | 107  |
| 2-36 Plutonium Alpha Activity, Pu-241, and Am-241 Release Estimates, 1953-1973 .....                  | 109  |
| 2-37 Pu-241 and Am-241 Release Estimates, 1974-1984 .....   | 111  |
| 2-38 Pu-241 Release Estimates, 1985-1989 .....  | 111  |
| 2-39 Activity Fractions of Rocky Flats Enriched Uranium .....   | 112  |
| 2-40 Activity Fractions of Rocky Flats Depleted Uranium .....   | 112  |
| 2-41 Estimated Airborne Enriched and depleted Uranium Releases, 1978-1989 .....                       | 115  |
| 2-42 Summary of 1974 Airborne Tritium Emissions .....   | 118  |
| 2-43 Estimated Rocky Flats Airborne Tritium Emissions, 1953, 1989 .....                               | 120  |
| 2-44 Estimated Radionuclide Releases from Rocky Flats Criticality Experiments .....                   | 126  |
| 2-45 Estimated Rocky Flats Airborne Radioactivity Emissions, 1953-1989 .....                          | 128  |

**LIST OF TABLES**  
**(continued)**

| Table  | Page |
|--|------|
| 3-1 Annual Average Beryllium Concentrations ( $\mu\text{g m}^{-3}$ ) . . . . .   | 143  |
| 3-2 Annual Beryllium Releases by Building (grams) . . . . .  | 145  |
| 3-3 Reported Annual Beryllium Releases . . . . .   | 147  |
| 3-4 1984 Beryllium Emissions Data . . . . .  | 148  |
| 3-5 Carbon Tetrachloride Emission and Inventory Estimates . . . . .  | 156  |
| 3-6 Chloroform Emission and Inventory Estimates . . . . .  | 159  |
| 3-7 Methylene Chloride Emission and Inventory Estimates . . . . .  | 162  |
| 3-8 Tetrachloroethylene Emission and Inventory Estimates . . . . .   | 166  |
| 3-9 1,1,1-Trichloroethane Emission and Inventory Estimates . . . . .   | 168  |
| 3-10 Trichloroethylene Emission and Inventory Estimates . . . . .  | 173  |
| 3-11 Upper and Lower Bound of Carbon Tetrachloride Emission (1953-1989) . . . . .  | 175  |
| 3-12 Upper and Lower Bounds of Chloroform Emission (1953-1989) . . . . .   | 176  |
| 3-13 Upper and Lower Bounds of Methylene Chloride Emission (1953-1989) . . . . .   | 177  |
| 3-14 Upper and Lower Bounds of Tetrachloroethylene Emission (1953-1989) . . . . .  | 178  |
| 3-15 Upper and Lower Bounds of 1,1,1-Trichloroethane Emission (1953-1989) . . . . .  | 179  |
| 3-16 Upper and Lower Bounds of Trichloroethylene Emission (1953-1989) . . . . .  | 180  |
| 4-1 Correction Factors to Compensate for the Analytical Errors in the Monitoring Results Reported from 1974 through 1989 . . . . .               | 192  |
| 4-2 Airborne Emission Estimates and Uncertainties - Plutonium . . . . .  | 194  |
| 4-3 Airborne Emission Estimates and Uncertainties - Uranium . . . . .  | 195  |
| 4-4 Airborne Emission Estimates and Uncertainties - Americium-241 and Tritium . . . . .  | 196  |
| 4-5 Airborne Emission Estimates and Uncertainties - Beryllium . . . . .  | 203  |
| 5-1 Retention Pond Original and Current Designations . . . . .   | 207  |
| 5-2 Reported Annual Gross Alpha Radioactivity Releases to Walnut Creek, 1952-1970 . . . . .  | 225  |
| 5-3 Annual Rainfall at the Rocky Flats Plant . . . . .   | 226  |
| 5-4 Theoretical Increase in Gross Alpha Concentrations In Great Western Reservoirs Using Rocky Flats Reported Release Totals 1953-1970 . . . . . | 229  |
| 5-5 Annual Gross Alpha Concentration in Baseline and Great Western Reservoirs and Standley Lake ( $\text{pCi L}^{-1}$ ) . . . . .                | 231  |
| 5-6 1952-1953 Mower Reservoir Monitoring Data . . . . .  | 233  |
| 5-7 Annual Gross Alpha Concentrations for Drinking Water ( $\text{pCi L}^{-1}$ ) . . . . .   | 237  |
| 5-8 Annual Average Drinking Water Concentration of Pu-238 ( $\text{pCi L}^{-1}$ ) . . . . .  | 247  |
| 5-9 Annual Average Drinking Water Concentration of Pu-239/240 ( $\text{pCi L}^{-1}$ ) . . . . .  | 248  |
| 5-10 Annual Average Drinking Water Concentration of Natural Uranium ( $\text{pCi L}^{-1}$ ) . . . . .  | 249  |
| 5-11 Annual Average Drinking Water Concentration of Tritium ( $\text{pCi L}^{-1}$ ) . . . . .  | 250  |
| 6-1 Air Monitoring Results Oil Burn Pit #2 . . . . .   | 269  |
